EMMANUEL ATIMBIRE

Environmental Management and Sustainability Graduate

babaemma20000@gmail.com | 0206951735 | Bolgatanga, Upper East Region, Ghana

PROFESSIONAL SUMMARY

Environmental Management and Sustainability graduate with hands-on field experience in regulatory compliance and enforcement monitoring and geophysical methods for groundwater and subsurface assessment. Gained through national service with the Water Resources Commission and an internship at the Environmental Protection Authority. Skilled in electrical resistivity surveying (VES/ERT) for determining water depth, overburden thickness and depth to bedrock, as well as data analysis (Excel, Google Sheets, SQL, Tableau) and technical report writing, with a strong collaborative approach to fieldwork and stakeholder engagement. Seeking to bring analytical rigor and practical compliance experience to an environmental management, hydrology or regulatory role.

EXPERIENCE

National Service Personnel, Monitoring & Enforcement - Water Resources Commission

Nov 2025 - Sept 2026 | Bolgatanga

- Conduct field monitoring and enforcement of Water Resources Commission policies and regulations across assigned operational areas
